intro

Spray the tag!

And hey-hey-hey

This is our canty trip
For the look of walls

Come on, come on, come on

Revive the colours
And spray the tag

Spray the tag!

main 1

We have an urban trip tonight
We take our aerosols along

Looking for new and virgin walls
That's where the spirit of colours calls

It's a mystic ceremony
When the graffitis come alive

chorus 1

And hey-hey-hey

This is our canty trip
For the look of walls

Come on, come on, come on

Revive the colours
And spray the tag

Spray the tag!

main 2

The city is one big canvas
It's time to revive our tags

Time for perking up the colours
That's where the spirit of colours calls

It's a mystic ceremony
When the graffitis **come alive**

chorus 2

And hey-hey-hey
This is our canty trip
For the look of walls

Come on, come on, come on
Revive the colours
And **spray the tag**

guitar solo

main 3

We see our writing on the walls
And our tags jump all around

It's a mystic ceremony
When the graffitis **come alive**

8ths interlude

chorus 3

And hey-hey-hey
This is our canty trip
For the look of walls

Come on, come on, come on
Revive the colours
And **spray the tag**

Spray the tag!

It's a mystic ceremony
When the graffitis **come alive**

And hey-hey-hey
