

# Why does the rain never end

## parts & lyrics

### main 1

Tomorrow the race will begin,  
tomorrow the rain will slowly end  
why does every let-down has to be so thin

I have something in a corner of me  
that I was protecting, there was something there

Tomorrow we will look back  
at us both drinking and laughing

### main 2

And the race tracks jammed with people  
I can't see the round with the ladies  
most of them of my age, surely seemed to be puppies

### chorus 1

Why does the rain never end?  
Why do I feel the way upon your kiss?  
The pounding rain, the endless races?

### main 4

Tomorrow the rain will slowly end  
why does every let-down has to be so thin

I have something in a corner of me  
that I was protecting, there was something there

### interlude

Pushing towards the full bars  
you'd both be drinking  
we thought those days would never end  
her life was good, life was funny

Among the people – bored and going crazy  
among the people – bored and going crazy

are going crazy  
are going crazy

chorus 2

Why does the rain never end?  
Why do I feel the way upon your kiss?  
The pounding rain, the endless races?

chorus 3

Why does the rain never end?  
Why do I feel the way upon your kiss?  
The pounding rain, the endless races?

outro

Why does the rain never end?  
The pounding rain, the endless races?

never  
ambiguous  
are going crazy

never  
are going crazy  
are going crazy
